Ar Ayan Sen

BIRTHDAY: 24 January | **YEAR OF ESTABLISHMENT:** 2005

Ayan Sen Architects (Urban Designers & Planners) is a Kolkata-based architectural firm founded in 2005, dedicated to innovative, environment-friendly architecture, urban design, planning and interior design that responds to lights, space, nature, colour, materials and surroundings.

The practice delivers new construction and renovation across residential, commercial, institutional and industrial projects, with a focus on contextual sensitivity, sustainability and creative design solutions tailored to client needs.

Led by Principal Architect Ayan Sen, the studio blends local and contemporary design language to create thoughtful, socially responsible spaces.

Message for the Industry

We should encourage all members to uphold the values of collaboration, integrity and shared learning that define their collective spirit. I believe that by working together, the fraternity can continue to create meaningful contributions, inspire new ideas and foster an environment of mutual respect.

Mr Manoj Kumar Upadhyay honouring Ar Ayan Sen
